

Another excellent question...the SPC is made up of Division employees representing all of the various units within the Division. SPC members span the range of longevity from employees who have been with the Division for less than a year to employees who have been with the Division for more than 20 years. SPC members work in various locations throughout the state. The SPC is facilitated by Carlotta Dixon, Teresa Turner, and Neil Walters. The SPC firmly believes that its diversity is one of its greatest assets in representing the Division employees' voice. To see an updated list of SPC members [click here](#).
